PROVIDERS’ EMOTIONAL WELLNESS

A, B, Cs of provider self-care when working with sick children and their families.

**Awareness**
- Be aware of how you react to stress (overworking, overeating, exhaustion, and verbal outbursts).
- Monitor your stressors and set limits with parents and colleagues.
- Talk to a professional or your manager if your stress affects your life or relationships.

**Balance**
- Diversify tasks and take breaks during the workday.
- Eat sensibly, exercise regularly, and get enough sleep.
- Engage in activities outside of work; use your leave days.

**Connection**
- Connect regularly with family, friends, and community.
- Use meditation, prayer, or relaxation to connect with yourself.
- When not at work, disconnect from professional role and e-mail and/or WhatsApp messages.
